REPORT OF THE SELECTMEN

To the Citizens and Taxpayers of the Town of Haverhill:

We herein submit our annual report for the year ending December 31, 1952. Our detailed statements will be found on the following pages. Our books and records were audited by D. R. Newbold and James Barber, Town Auditors, and found to be in excellent condition.

It is gratifying to note that through the efforts of H. L. Thompson, Collector, and H. S. Knox, Deputy Collector, our Town was one of the few in the State to collect its Head Tax 100% so that no further burden was placed on the taxpayer in making up delinquent taxes to the State.

It is a never-ending task to keep a constant check on expenses and costs. We are thankful that during the past year many savings were accomplished and we have been able to reduce the 1953 Budget by \$3,750.00 as compared to the 1952 Budget. This was done without reducing services rendered or impairing operations. The Road Agent has fully cooperated in this and is to be commended for his efforts. Few realize the scope of his work and the constant pressure placed on him.

It is only through the full cooperation of all officials of the Town that our job can be accomplished and we are sincerely grateful for such cooperation.

EDWIN A. SPOONER

EZRA B. MANN

ROY E. DUNKLEY

Book circulation averaged 400 per week. There has been an increase of 1000 books circulated this year. The large total sum of over 20,000 books circulated this past year is due in part to the fact borrowers are not limited and the greater use of the many magazines.

There has been an interchange of westerns and mysteries

with Haverhill Public Library. It is hoped this may continue thereby augmenting the number of books in these classifications.

The book fair held at the community building on November 12 sponsored by the public school teachers and the librarian has received favorable comments by the public. Members of the Progressive Club assisted in the morning. Speakers included Grace Dodge White of Lancaster, Mr. Paul Rothenburger of Lisbon and Dr. J. Duane Squires of Colby Junior College, New London.

Exhibits of books were made interesting by adding crafts and a Bible exhibit by Mr. and Mrs. McGaw, an exhibit by Messner Co. of the writings of Mrs. Frances Parkinson Keyes with special interest centered on her latest book "Steamboat Gothic."

Miss Franklin and Miss Lang dressed children in costumes depicting favorite book characters.

Mrs. Kendall ably handled all publicity. An exhibit of book jackets drawn by children of the grades was an added attraction.

Much credit is due our teachers of the public schools in giving their time to this project in observance of education and book weeks.

Activities

The activities program consisted of the following: Elective physical education for both the boys and the girls; touch football; outdoor and indoor basketball; softball, and baseball. Again, due to lack of interest, track was not carried on. For the first time in many years, skiing was renewed, and a team was formed which will be sent to the various ski meets.

The annual school play was put off until spring, due to the conflicts with basketball which usually occur during the fall. The cheerleaders again did a grand job in that department, and during the cheerleading contest held in February, won first place. Shirley Bennett was elected head-cheerleader for the school year 1952 - 53.

The records of the basketball teams were as follows: Boys, coached by Robert Perry won 17 and lost 3, in the regular season's competition. As the result of the excellent record, the team again received invitation to the Class C Tournament at Claremont, N. H. In the first game Woodsville triumphed over Hancock by the score of 79 to 40. In the semi-finals, the Engineers were defeated by Walpole High 70 to 63, but won the consolation game from New London 63 to 51.

The end of the regular basketball season provided a tie with Whitefield in the Ammonoosuc League, and in the playoff held after the tournament at Littleton, Woodsville High won the Ammonoosuc League Championship by defeating the Class C Champions, Whitefield, by the score of 58 to 50. This indeed was a successful basketball season.

The girls, coached by Miss Lois Litz were undefeated for the third consecutive season, winning all of their twelve games.

In baseball, coached by Robert Perry, the boys won 5 and lost 5.

The financial statement of the above activities is as follows:

Activity	Income	Expense
Basketball	\$1,509.79	\$1,211.31
Baseball	15.57	207.34
Cheerleading	28.66	56.76
Deficit from last year		172.84
Totals	\$1,554.02	\$1,648.25
Expense		\$1,648.25
Income		1,554.02
Deficit		\$ 94.23

Curriculum

One of the outstanding contributions to the Woodsville education system was the construction of the Practical Arts

Building to accommodate the Home Economics department and the Shop courses. The building was completed by Thanksgiving and was occupied following the Thanksgiving recess. Over fifty boys and forty girls took advantage of the shop and the home economics courses this year, and it is expected that in another year, that number will be definitely increased. Not only was the shop course popular with the students, but adult education classes were started in Woodsville, and twelve people signed up in the shop course.

The courses taught in shop to students were Shop I, II and Auto Mechanics. Driver education was again continued, and taught by Mr. Perry.

On the faculty Mrs. Alan Rich replaced Miss Florence Flint in the Commercial Department, and Mrs. Sherwin Kendall replaced Mr. Timothy Connor in the English Department.

General Information

The Cycle, the quarterly publication, was issued by the Commercial Department under the guidance of Mrs. Alan Rich and Mrs. Sherwin Kendall.

For the first time, as a service to the public and its school children, a Book Fair was sponsored at the Community Building by all the Woodsville teachers, with the assistance of the local librarian, Mrs. Mitchell. As a first venture, it proved very successful, as some one thousand individuals (including students) visited the many book exhibits which were on display. Because of its success, it is hoped that this will be an annual affair.

I wish to express my sincere thanks to Superintendent Phil Bennett and the School Board for their close cooperation and their assistance given me on all school matters. It has been a constant pleasure for me to work with such a helpful group.

Respectfully submitted,

A. G. PENDO

The schools of the Woodsville Union High School District opened the 1952 - 1953 school year on September 3. The total enrollment for this year is:

Kindergarten — 32 resident and 5 non-resident pupils

Graded school — 177 resident and 37 non-resident pupils

High School — 66 resident and 58 non-resident pupils giving a total of 275 resident and 100 non-resident pupils, an increase of 23 pupils since last year.

The teaching staff realized a 30% replacement, due in part to change in occupation and in part to not meeting salary demands. There were five teachers replaced, three in the elementary field and two in the secondary.

Mrs. Kathleen Butson and Mrs. Phyllis Streeter left teaching and were replaced by Mrs. Isabel Shaw of Bath and Mrs. Geneva Jones of McIndoes, Vermont. Mrs. Seraph McDanolds accepted a position of professional advancement at Newport, New Hampshire, and was replaced by Mr. George McKelvey of Lowell, Massachusetts.

Mrs. Shaw, teaching grade IV, is a graduate of Keene Teachers College, has had ten years of successful teaching experience, the last at Lisbon, New Hampshire.

Mrs. Jones, teaching grade III, is also a graduate of Keene Teachers College and has had eight successful years of experience in teaching.

Mr. McKelvey graduated from the University of New Hampshire. He holds a M.A. degree and is a veteran of World War II. Before coming to Woodsville, he was Principal of the North Hampton Central School.

There were two new members employed on the high school faculty, filling vacancies caused by the resignation of Miss Florence Flint and Mr. Timothy Connor. Miss Flint accepted a position in Winchester, and Mr. Connor joined the faculty at St. Johnsbury Academy.

Miss Flint was replaced by Mrs. Joan Rich of Littleton. Mrs. Rich is a graduate of Plymouth Teachers College, holds a B.Ed. degree from that institution, and majored in commerce. She previously taught commercial subjects at Dow Academy and is now teaching in the same field at Woodsville High School.

Mrs. Virginia Kendall of North Woodstock was employed to fill the vacancy caused by Mr. Connor's resignation. Mrs. Kendall graduated from Wheaton College, has a B.A. degree, and has done graduate work at Boston University and at Plymouth Teachers College. She has fourteen years of successful teaching experience, both in New Hampshire and Massachusetts, and majors in the field of languages.

This report would not be complete without commending the district for the support which made possible the erection of the new Practical Arts Building, now successfully fulfilling part of a well-balanced school program. The conscientious efforts of the building committee, including the school board members, to see to it that not only was value received for money spent, but also that an attractive, functional building be erected, merit the esteem and praise of the citizens of the district. Your attention is directed to a report of the Building Committee which follows my report.

May I take this opportunity to express my humble, but most sincere gratitude, for the signal honor which the Board conferred upon me by dedicating this building in my name. To my knowledge, no other such recognition to a Superintendent of Schools has even been given in the history of New Hampshire superintendency, which makes it a unique honor within itself. It is an honor which I share equally with all members of the committee whose names also appear upon the plaque with mine, as well as those of the contractor and architect.

W. E. Givens, Executive Secretary of the N.E.A., has stated that "the educational programs of our schools have developed in response to the needs of the individuals and the communities they serve."

Our early schools were largely influenced by a concept that education was MEMORIZATION. A person may be well stuffed with information and still be very poorly educated. Education for tomorrow includes *thinking* as well as knowing.

Your attention is also directed to the report of Principal Pendo for further details of Administration.

REPORT OF WOODSVILLE UNION HIGH SCHOOL PRACTICAL ARTS BUILDING COMMITTEE

A year ago at this time, the School Board and Superintendent decided that the time had come when definite steps should be taken toward the construction of an adequate building to house a Practical Arts course. The course, already started the previous year, had met with such enthusiasm that it had already outgrown the inadequate space allotted in the present building.

Fully realizing that such an undertaking would warrant constructive criticism, articles were placed in the warrant for the voters to act upon.

At the school meeting, people definitely showed by their attendance and vote that they heartily approved of the plan and were willing to meet the cost of such a project. They instructed the Moderator to appoint a committee of three to assist the School Board and Superintendent in formulating plans which would include a suitable site, cost of construction, and financing the project. The committee appointed was H. O. Taylor, Sr., Chairman, Dr. Everett C. Campbell, and Carl D. Marsh. At an adjourned meeting held in April, the people voted to raise a sum of \$50,000.00 to be used on

this project. H. O. Taylor, Sr., presented to the people the plans of the committee and they were approved. Land was purchased from Harold K. Davison.

Then the real work began. This entailed many meetings with the architects, Hudson & Ingram of Hanover, to decide on the type of building and construction, etc. The plans were drawn up and the project put up for bid. Sealed bids were received and opened by the School Board on June 3, 1952, at which time it was found that the Cummings Construction Company had the lowest bid so they were awarded the contract.

Construction was started on the building in June. It was heartening to the building committee to find everyone so interested and cooperative. H. O. Taylor, Chairman, and Phil A. Bennett, Superintendent, made this project a personal problem, and, working individually, they kept the building committee fully informed on the intricate details surrounding the construction. Their personal interest, combined with the whole-hearted support of the building committee, is borne out in the ultimate result of a building considered by the State Board of Education, through their representatives, to be the best of its kind, constructed up to this time, in the state. The Woodsville School District can be proud of its Practical Arts Building, now in full operation.

It was unanimously decided by the committee to dedicate this building to Superintendent Phil A. Bennett for his part in initiating the project, seeing to its construction, and supervising the manifold details from beginning to end. The dedication was held on December 14, 1952 in the High School and the attendance bore out the tremendous interest started less than a year ago. The building committee is exceedingly proud to have had a part in this project made possible by the foresighted interest of the people of the Woodsville School District.

Two pupils attended Chest Examination and X-ray Clinic at Woodsville, N. H.

The vision tests were completed in all grades and in the High School. Whenever symptoms of defects were found, a written notice was sent home to the parent or guardian.

The 1st grade children were given the audiometric hearing test.

At the annual school meeting, it was voted to have physical examinations in the 1st, 4th, and 8th grades. A pre-school clinic was held in May and the kindergarten children were examined either by their family doctor or Dr. Campbell, the school physician. This gave an opportunity to have defects corrected before the pupil started school in the fall.

Sincere thanks to the Cohase Lions Club for their assistance in the sight conservation program.

Thanks also to the Progressive Club for the mid-morning milk program which they sponsored.

I wish to express my appreciation to Mr. Bennett, Dr. Campbell, the teachers, and the parents for the kind cooperation which I have received in carrying out the School Health Program.

The schools of Haverhill opened on September 3, 1952 with an enrollment of 280 pupils located in the four elementary schools as follows: 27 at Center Haverhill, 48 at Pike, three of whom are Benton residents, 85 at Haverhill Corner, and 120 at North Haverhill. There are 36 additional pupils attending schools outside the district; 3 at Bath and 33 at Woodsville, making an overall total of 313 elementary pupils residing in the Haverhill School District.

Haverhill Academy enrolled 80 pupils, eleven of whom are non-resident, 2 commuting from Benton and 9 from Piermont. There are, also, 13 Haverhill students attending Woodsville High School, making a total of 82 resident secondary school pupils.

The district was fortunate in that it had only one replacement in the elementary teaching staff. Mrs. Louise Wilson, a former teacher at Pike, filled the primary room vacancy caused by the resignation of Mrs. Gertrude Brooks in June.

Haverhill Academy also had but one change in its faculty. Mr. Alan E. Rich was employed to fill the position vacated by Mr. Papandrea. Mr. Rich, a resident of South Newbury, New Hampshire, graduated from Plymouth Teachers College, receiving his B. of Ed. degree in June, 1952. He teaches a varied program of math, science, and coaching.

Excellent hot lunches are continuing to be served at North

Haverhill and Haverhill Corner. Mrs. Sawyer is the efficient lunch supervisor and cook at North Haverhill and Mrs. Helen Chapman serves equally good and appetizing meals at Haverhill Corner. Mrs. Kenyon does the record keeping for the latter program.

The School Board should be especially cited for its continued interest in the physical upkeep of the school plants. Although some buildings are inadequate for current teaching techniques, yet they are being well-preserved by yearly minor repairs.

Your attention is directed to the report of Principal Jenkins of Haverhill Academy for administrative details of Haverhill Academy.

W. E. Givens, Executive Secretary of the N.E.A., has stated that "the educational programs of our schools have developed in response to the needs of the individuals and the communities they serve."

Our early schools were largely influenced by a concept that education was MEMORIZATION. A person may be well stuffed with information and still be very poorly educated. Education for tomorrow includes *thinking* as well as knowing.

PHIL A. BENNETT

PRINCIPAL'S REPORT

To the Superintendent of Schools:

I submit herein my twenty-ninth report of Haverhill Academy and High School for the school year 1952-53.

The total pupil enrollment to date for the school year 1952-53 is eighty-one, distributed among the classes as follows:

	Boys	Girls	Totals
Seniors	4	14	18
Juniors	11	7	18
Sophomores	4	14	18
Freshmen	16	11	27
	—	—	—
	35	46	81

There are eleven tuition pupils. Nine come from the town of Piermont and two from Benton. Six pupils have left school to date leaving the present enrollment at seventy-five.

Diplomas were awarded to the following fifteen members of the graduating class in June:

Susie Arnold, Shirley Eichhorn, Betty Elliott, Fernand Fournier, Frederick Gerle, Joyce Hanson, Marlene King, Nancy Large, Jacques Ludman, Ruth Nelson, Elaine Page, Elsie Shute, Henry Swan, John Tegu, and Nancy White.

Scholastic honors were won by the following pupils in the order named: Ruth Nelson, Nancy Large, Jacques Ludman, and Marlene King. The Scholarship, Loyalty and Achievement Medal was won by Shirley Eichhorn.

The program of studies has remained unchanged except for discontinuing *French* until such time as a teacher can be found who can give adequate instruction. There are *forty-two* enrolled in the *general* curriculum, *eighteen* in the *business education* curriculum, and *twenty-one* in the *scientific*. While pupils are permitted to change from one curriculum to another during their four years and also to elect subjects from all three, in order to graduate in the

scientific and business education curricula they must meet the requirements for those two. Those who do not, graduate in the general curriculum. Pupils who are planning to go to college should elect the scientific curriculum.

The activities program consisting of athletics, glee clubs, dances and parties gives all an opportunity to participate in some one or more activity.

Hot lunches are served daily to about one hundred and thirty pupils. The program is being operated by the P.T.A. as last year. The lunches consist of a well-balanced diet and are neatly and efficiently served. Mrs. Chapman and her helpers are to be commended. Credit to the P.T.A. was extended in this report last year and is again repeated.

To record in a report of this nature all of the educational experiences enjoyed and areas of learning explored during a school year would require volumes; to say that any one of them is more important than another would be to invite an endless debate; but to state that the sum total of them all lays the ground-work for a fairly liberal education and useful citizenship could hardly be considered an exaggeration. It is a privilege and a pleasure to have had a small part in it.

Respectfully submitted,

FRIEND H. JENKINS

One pupil attended the Child Guidance Clinic held in Littleton.

Two pupils attended the Chest Examination and X-ray Clinic at Woodsville.

Twenty pupils attended the Immunization Clinic held March 27, 1952.

Twelve pupils attended the Immunization Clinic held April 17, 1952.

The vision examinations were completed in all schools. Whenever symptoms of defects were found, a written notice was sent home to the parent or guardian.

The first grade pupils were given the audiometric hearing test.

One of the recommendations of the Director of School Health Services was Physical examinations for the 1st, 4th, and 8th grades. In this way, each child would receive three complete physical examinations during his grade school years.

I want to thank the Veterans of Foreign Wars and their Auxiliary for the transportation which was provided for the children to and from the Immunization Clinics.

I also wish to express my appreciation to Mr. Bennett, to the teachers, and to the parents for the kind cooperation which I have received in carrying out the School Health Program.

Respectfully submitted,

MURIEL LAMOTT, R.N.
